to have chopped wood all day on Saturday and that he had had to work for an hour today around the house. He was telephoning from his bedroom, where he has hooked up a telephone. He asked for a report on what was done in City Hall on Saturday and I told him. We chatted about the plans for the week & that was very gratifying. I am very very pleased and delighted with John's involvement in and commitment to Carbondale City Hall and Courthouse. I told him that he and I have been asked to speak to the Delphi Study Group tomorrow night at the Methodist Parsonage. He was pleased with the public speaking engagement. I wonder if EAG's health will allow her to attend. I do hope so. I must say that we did have a nice talk -- everything is back in order. John and I have re-found our wave length, so to speak. Periodically we seem to find ourselves on different wave lengths. Invariably, when I have the impression that we have lost each other, we re-find our positions and all is well, very well, with the world. JVB reported that the Carbondale Township commissioners want to take down the Carbondale Historical Marker at White's Crossing because they say that it makes exiting from the White's Crossing road difficult because you can not see around the sign. We, the CHSM, shall have to intervene on behalf of the sign. John and I will meet in the late afternoon, about 4 PM, and work out our work / speaking schedule for tomorrow night. After speaking with JVB I called RJT and asked if he knew why Vince Bilotta did not deliver the half-circle windows on Friday or Saturday as promised. I also told RJT that Rev. Pullin is wondering where ⁱⁿ his photograph of the BBC sanctuary that RJT took for next year's official BBC Christmas Card. RJT asked if I would be here later and I said yes and he said that he would stop round for tea. He should be arriving at any moment. I am listening to a two-record set of Chopin "Nocturnes" as performed by Rubinstein. There is a fire in the fireplace in the front parlor, where I am writing this. All is right with the world. RJT did arrive about 10 & left about midnight. I made tea in a silver pot that belonged to RMC & we sat and talked.
